29 Sept. 43.

My dear Sir - I shall hope for the very
earliest intimation of your return to England,
as we have prepared for you a document
in relation to American Slavery, on which
it is most important, we should have
your prompt advice and assistance.
I do not add a word more; you
will understand the nature of the case.

and I am sure, will

give us all the
aid & direction
your intimate
knowledge of
American affairs

can afford -
I hope you got my letter addressed
to you not many days since,
at Frankfurt -

In haste, faithfully, my

Dear Sir, ever yours

Wm. Lushington
I am particularly anxious you should be
at the meeting of Ministers at Manchester in
October.
